

# Department of Medicine

UNIVERSITY OF WISCONSIN  
SCHOOL OF MEDICINE AND PUBLIC HEALTH

As a department within the UW School of Medicine and Public Health, we advance the health of the people of Wisconsin and beyond through high quality, patient-centered care, innovative research and education of the next generation of physicians and scientists.

## PATIENT CARE

We provide patient-centered care to diagnose and treat diseases in adults.

## RESEARCH

Our studies aim to better understand and cure disease.

## EDUCATION

Training the next generation of physicians and scientists to practice compassionate, effective medicine, and conduct transformational research.
